## Pension Updates 2021

During August we will be issuing annual pension updates and Fundnews to our active members. There has been a great response to year end missing data queries but a few remain outstanding.

Please aim to return these as soon as possible to help us reach our 100% target for issue to all active members before 31st August deadline set by The Pensions Regulator.

## CCLA/Room151 Impact Awards- SPF Award Win-Financial category, Impact Investment

Strathclyde Pension Fund ran out winners with a Direct Investment Portfolio developed in 2009 to address a "crippling shortage" of bank loans to smaller companies.
